International Conference: Ports and port-cities post 2030

A trendspotting conference in Malmö, Sweden, 6-8 November 2017.

In these times of great change, the Ports and Port-Cities – Post 2030 conference will address issues facing ports worldwide, taking into consideration their multiple functions and relations. It will provide inspiration and guidance for industry, decision makers, and researchers from a broad range of subject areas and will be an eye-opener regarding future developments and trends.

For more details, speakers and registration information, please visit: www.port2030.com

MONDAY - 6th November

The City of Malmö invites the participants to a cocktail reception and dinner in **Malmö's old City Hall** with a Panel of Ministers invited by the World Maritime University.

Malmö City Hall
